

BERWICK ST JAMES

OPINIONS & IDEAS

APPENDIX B

AMENITIES & SERVICES

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Amenities &</u>	1		Q1	Already involved, happy to continue wherever needed.
	2		Q1	I would like to be more involved with the community and services in Berwick St James
	3		Q1	The cricket pavillion and children's play area needs a lot of attention
<u>Amenities & Services</u>	4		Q1	Aplogies for not volunteering to help but my work schedule is too unpredictable to make robust plans/commitments
	5		Q1	A pity a few younger one will not help out
	6		Q1	David recommends adding his vintage car collection / expertise to the village Fete / other social events. Michelle could offer belly dance lessons as well.
	7		Q1	Always willing to help
	8		Q1	All the above help make Berwick a real village, not a suburb
	9		Q1	Have only been in the village 3 months but would definitely attend future events/meetings so would score 4 or 5
	10		Q1	Unsure what 'Fund Raising Events' means.
	11		Q2	Comment on Social Media/Twitter/Facebook at the end of survey.
	12		Q1	We would value the Reading Room much higher if various activities took place there. The Farm Shop is important but we would use it more if it had more stock.
	13		Q1	For those who do not have internet and usually drive through the village we do not always see the notice boards.
	14		Q1	Happy to donate contributions for food etc. But to lame to stand or walk too far.
	15		Q1	At present as there is a really only one child in the village spending on a play area seems inappropriate. Stableford has a good play area
	16		Q1	I do not play cricket nor have small children but pleased that their interests should be accommodated. I would love to be further involved but restricted by age and infirmity
	17		Q1	It's a pity that the church is reserved almost wholly for religious activities, not community activities. As a non-religious person I can't see how the fabric of the church will survive if it doesn't make itself part of a secular community while continuing with its religious role. Website: I wouldn't browse into website to see what is going on but I would use it as a reference source and for information. Noticeboard: I wouldn't stand and read minutes on noticeboard but would read adverts. Website useful for complex long documents but not sure I would often read them.
	18		Q1	I think the play area is too far away. It would be nice to see the cricket area tidy

AMENITIES & SERVICES

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Amenities & Services</u>	19		Additional Comments	I feel it would be beneficial to have a group for children/young people. A 'Till Valley' group would increase community cohesion and be a good foundation for a youth club and/or Saturday club for the local children. This group could then look at possible future improvement of facilities and amenities. There is such potential in this village for exciting and interesting things to happen. I am happy to become involved in helping out with events, and I have the relevant experience, qualifications and skills to do so. A 'skills-share' day could provide an opportunity to meet with like-minded people. Maybe a community craft day could get the ball rolling. Also a gardening club may be of some interest to many.
	20		Additional Comments	To heighten the recreational life of those children living in Berwick, perhaps more activities should be organised to incorporate children from neighbouring villages.
	21		Additional Comments	<p><u>1. Reading Room</u> It could be worthwhile finding out whether the village were able to use the grass area at the back of the Reading Room to erect a shed large enough to house some of the tables and chairs not used on a regular basis. Also if we could get permission to use the grass area on the two occasions when we serve cream teas thereby allowing space to place some tables and chairs.</p> <p>Once the Reading Room is totally renovated, it would make sense that it could then be self-supporting by renting the room out for functions. Place an advert in the Parish Magazine for the whole year and do a mailer to those who run classes, for e.g. yoga teachers or those who want to show their wares, such as local artists. I would be happy to help out.</p> <p><u>2. The Farm Shop</u> It would be nice to see The Farm Shop have a fixed monthly coffee morning for those who are at home during the week. Marilyn can sell her delicious cakes with coffee or tea. It would be a nice meeting place for a chat. I would be happy to help out.</p> <p><u>3. The Church</u> Why not have a quarterly Church Cleaning/Clearing day when everyone in the village is invited to help whether it is inside polishing or outside in the churchyard. Sandwiches and drinks could also be made available. Making it a community social activity will bring people together regardless whether they go to church or not.</p>

VILLAGE INFORMATION

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Village Information</u>	1		Q2	Coul you not put same notice on board by reading room as in the middle village.
	2		Q2	We think it is great that there are so many communication channels. It would be useful to ensure that all are consistent and joined up. Michelle is happy to offer support in developing our digital presence and add a facebook page
	3		Q2	Village diary - dates of events - on noticeboard and website. Don't take reports etc off the noticeboards too soon.
	4		Q2	If I got into the habit it would be good. [village website]
	5		Q2	Landline phone call
	6		Q2	It might embed the pub and Farm Shop even more firmly within the village if they were to carry regular news about other events & affairs.
	7		Q2	For those who do not have internet and usually drive through the village we do not always see the notice boards.
	8		Additional Comments	Social media/ Facebook/Twitter: We all feel strongly that the village should not have any of the above. Such sites can and are used to post unattributable and unnecessary unpleasantness to the benefit of no one. This Survey: The village is fortunate to have the open forum of 'village meetings' for discussion, suggestions and ideas, in addition to which there is an excellent parish magazine distributed to every house and the website as a way of pressing information and seeking views. In our opinion villages of this size work through ??? and people prepared to give of their time rather than filling in forms. We fully appreciate and respect the fact that many people wish to live very private lives and do not necessarily wish to involve themselves in village activities or events.
	9		Additional Comments	I didn't know there was a village website. I have just found it. Like all social network sites it could become a forum for unpleasant personal comments. Perhaps it should be restricted to being an information site only.
	10		Additional Comments	The website could have an informal section where villagers can detail local businesses and individual workers that they wish to recommend to others

VILLAGE MEETINGS

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Village Meetings</u>	1		Q3	Time of Village Meetings limited to, say, 1hr 30 mins, and 4 general meetings per year (planning meetings kept separate), time and day best to suit as many people as possible.
	2		Q3	Meetings should take place on 4 fixed dates per year, and separate ones to discuss planning issues. Start time 7:30pm and last no longer than 1 hr when possible.
	3		Q3	Found the one meeting attended to be rather too personal in the comments made, less than objective and evidence of village cliques.
	4		Q3	Would get involved if it was of relevance.
	5		Q3	We try to attend what we believe are major issues regarding the village
	6		Q3	Sometimes the starting times are too early for us. Most times though we haven't attended because we have been away
	7		Q3	Would attend more meetings if they were at a more suitable time as I don't return from work until 6.30 - 40pm some evenings
	8		Q3	We are only in the village at weekends. We would love to be involved if they included Skype video conferencing so we could participate remotely. Michelle is happy to help develop this strategy if needed.
	9		Q3	The time of the village meetings is often too early for working families. I suspect that this is the reason why we don't see may younger people attending - a start time of 7pm would make a lot of difference. I would also like to suggest that, when debating a planning permission issue or something similar that people talking be limited to 5 minutes each. Most people should be able to get their points across in that time and should reduce the length of some of the meetings.
	10		Q3	7.30 would be a better time. Reading room is the best location.
	11		Q3	Will attend future meetings (most)
	12		Q3	Always seems to be a commitment usually with a child at the times the meetings are held
	13		Q3	Meetings are too long and start too early
	14		Q3	Need more notice of meetings - ideally date should be notified at end of each meeting and then confirmed in parish magazine and website
	15		Q3	If I know about a village meeting I am there unless I have another engagement. Prefer 6 o'clock meetings.
	16		Q3	I would attend village meetings if my schedule allowed
	17		Q3	I don't attend on dark evenings
	18		Q3	Deafness a great deterrent. Also the length of the meeting
	19		Q3	Later in evenings

SECURITY & WELFARE

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Security</u>	1		Q4	Theft in the village, speeding vehicles & mud on Duck Street
	2		Q4	Speeding cars and farm vehicles through the village and down Duck Street
	3		Q4	Speeding, especially from the Boot towards the A303
	4		Q4	Theft from domestic (private) and public property
	5		Q4	The entrance to the village (from the A303) is positively dangerous with cars and lorries (and local tractors) exceeding a safe speed and/or 30mph limit. In 3 years, I have yet to see a police officer on the beat in the village despite the evident scope for rural crime
	6		Q4	Speeding cars
	7		Q4	Theft from Break-ins. Speeding traffic. Damage to property, e.g. the church
	8		Q4	Speeding cars
	9		Q4	Like all villages, we are concerned about the theft of oil and from property. Other concerns are speeding, and driving while using mobile phones
	10		Q4	Concerns are cold callers, and theft of oil, criminal damage to property and speeding cars - particularly terrified of being burgled again.
	11		Q4	Speeding cars, theft
	12		Q4	Theft from cars, & oil theft
	13		Q4	Speeding tractors
	14		Q4	Theft and speeding cars (Also Wilts and Dorset Bus)
	15		Q4	Speeding cars and Buses
<u>Security</u>	16		Q4	Oil Theft, Theft burglary, Car speeding
	17		Q4	Speeding cars & tractors
	18		Q4	Having 'open' rear garden always aware of possible theft and intrusion by trespassers
	19		Q4	Speeding cars and tractors in summer also strw lorries - Horse riders with dogs running everywhere.
	20		Q4	Theft including oil, metals etc. Speeding cars, buses and tractors
	21		Q4	Speeding Cars, Occasional noisy disturbances, possible break in.
	22		Q4	Speeding and theft
	23		Q4	Theft, speeding, trespass (both intentional and unintentional)
	24		Q4	My fuel tank adjacent room is very vulnerable – so far okay
	25		Q4	Theft of oil, speeding cars and motorbikes, large agricultural vehicles should go even more slowly
	26		Q4	Speeding cars & motorbikes at weekends
	27		Q4	I have had my oil stolen – three years ago
	28		Q4	Cars speeding through the village is a concern (Including farm vehicles)
	29		Q4	Speeding cars
	30		Q4	Speeding cars
	31		Q4	Theft of machinery - fuel - equipment. Poachers, speeding cars.
	32		Q4	Theft of oil. Speeding

SECURITY & WELFARE

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Security</u>	33		Q4	Property theft, oil theft, and speeding vehicles especially where village road narrows
	34		Q4	Speeding is generally a concern. Theft and criminal damage always as well.
	35		Q4	Speeding cars. Do not know of any other specific concerns but in this day and age these things can be a problem.
	36		Q4	General theft
	37		Q4	We are pretty lucky. Personally I would put in two chicanes to allow single track road
	38		Q4	Speeding cars.
	39		Q4	Theft, theft of oil, criminal damage to property, speeding cars
	40		Q4	Theft
	41		Q4	Theft of church roof, future theft of oil particularly from church, cars speeding through village
	42		Q4	No more than any other villages
	43		Q4	Speeding theft
	44		Q4	There is rural crime. I have been the victim of theft of oil in the last 2 years. Speeding through the village is an issue
	45		Q4	Theft from house, garden sheds, garden and outside buildings, speeding of farm machinery
	46		Q4	Speeding cars through village
	47		Q4	Astronomical prices make for vulnerability, and joblessness is a factor
	48		Q4	Speeding Cars, theft of oil & from outbuildings & cars
	49		Additional Comments	In order to slow down the traffic through the village, is it possible to have the pink tarmac and lines as you approach the 30 mph sign, as seen in many other places.
<u>Security</u>	50		Additional Comments	As Part of a scheme to try and reduce the traffic speed through the village, we could consider installing village gateways at either end of the village.
	51		Additional Comments	There is a real need for local farmers and tractor drivers to use the road safely and responsibly. At present, tractors are travelling too quickly and causing damage to public and private land. Farmers should ensure that employees drive appropriately and not in a manner which risks contravening road traffic legislation and the provisions of the Criminal Damage Act!!
	52		Additional Comments	In order to slow down the traffic through the village, is it possible to have the pink tarmac and lines as you approach the 30mph sign, as seen in many other places
	53		Additional Comments	One of the questions we were asked by the police following an attempted theft from our property in October was if we know of anyone on the high street that had CCTV. I rang the Boot Inn but found that they do not have it there and as far as we are aware, no-one else on the High Street has a camera.... CCTV is well worth the money, given the protection it provides and it is very easy to install. The unit can be linked to most modern TV sets. Following the attempted thefts in the village, we bought a Swann 8 channel Network Security System recently from Maplin. It was on offer for £299.99 and it came supplied with 4 cameras. We have been very impressed with the quality of the pictures. The all weather, high resolution cameras have powerful night vision. The 8 channel unit can record continuously for over 30 days if only 4 cameras are linked to it or can record for longer if set to come on when activated. ... Our house is not on the High Street so we are unable to record vehicles going along Berwick Road. My suggestion is that money is used from the village fund to give grants to 3 owners of properties in the village who would be willing to install CCTV devices. The properties would need to be situated along the following location on the high street - Norther end, Southern end.. preferably between the Guide Hut and Stapleford and somewhere halfway down the village village. If an oil tanker came into the village and stole the oil from someones tank, the registration of the vehicle or a video showing the vehicle used could go a long way to catching the culprits. Likewise if thieves decided to take steel from the new church roof, a CCTV camera in the high street could show any vehicle and persons involved. Any information captured by the cameras is easily transferred to a disc that can be handed to police. The cameras would only need to be looked at by the owner if there was a robbery within the village, however, there are other advantages to having security systems fitted. Since we have had ours, we have been amazed at the wildlife that has been captured on it.

SECURITY & WELFARE

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Neighbourhood Watch</u>	2		Q5	Given that the church was subject to the theft of lead from the roof and there have been unconfirmed reports of the theft of heating oil I would support any improvements to the neighbourhood watch scheme.
	3		Q5	Since we are not in the village during the week, we are concerned about potential for crime and would appreciate support from our neighbours to enhance vigilance, which could be done through neighbourhood watch.
	4		Q5	Not sure what joining neighbourhood watch scheme involves
	5		Q5	Not sure - we used to be a list
	6		Q5	I can't be bothered to read all the bumph the Neighbourhood Watch used to produce; a list of bullet points warning people about recent security issues is enough. Also to put up a list of incidents that the police have attended to in the village so that people who are worried can be reassured. Seems that although there is occasional theft, there is no danger or justifiable concern for safety.
<u>Assistance</u>	1		Q6	Still able, the Lord be praised
	2		Q6	An excellent idea though. Extension of the Till Valley Link Scheme. Volunteer drivers to be villagers - to the GP/Hospital appointments - dentist - shopping etc. It's a very helpful community orientated scheme in Shrewton.
	3		Q6	Can give lifts/do some shopping
	4		Q6	Delighted we have a regular bus service
	5		Q6	I have computer problems. Would be useful to have someone to call on in the village
	6		Q6	I drive for the Till Valley Link Scheme for those needing assistance
	7		Q6	There is a lack of child minders in the village
	8		Q6	(ref: assistance) Good idea for elderly residents
	9		Q6	(ref: assistance) Our family help when required
	10		Q6	But I am willing to help others
	11		Q6	Would value some assistance with computing
	12		Q6	Value help - For the bus to stop at Salisbury market (debenhams) now only stop by 'old hospital' fisherton street otherwise its bus station.
	13		Q6	Sometimes would like Help with Computing
	14		Q6	Maybe in the future
	15		Q6	Wouldn't mind providing assistance with all of the above (transport, computers, shopping etc.) as long as not too much of a commitment
	16		Q6	I am more than happy to help in any way possible. With computer problems, it would be useful to have someone to call on in the village

VILLAGE ENVIRONMENT

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Village Environment</u>	1		Q7	We are proud of the natural and man-made aspects of our village, and would not like to change this.
	2		Q7	I highly value the village as it presently is. I believe it is important to preserve what we have and have no wish to change any of it.
	3		Q7	The village's attractiveness derives from its rural setting in a river valley without development (and too much spread along the road). Development will adversely affect the key environmental features listed above.
	4		Q7	All wild spaces are important, and public access and information is also important.
	5		Q7	All valued but mostly concerned about the River Till
	6		Q7	New builds should be in keeping with the rest of the village
	7		Q7	Although heritage and history very important I don't want the village to become a museum
	8		Q7	Appearance of village should be maintained as is.
	9		Q7	All of the above are reasons for choosing to live in this village
	10		Q7	All combine and are important
	11		Q7	A very special village
	12		Q7	As a village resource the Reading Rm is a thoroughly unpleasant building - horribly damp and smelly. - too small for most uses ie children's parties, toddler groups etc
	13		Q7	Silly question -all are equally important
	14		Q7	Much destruction in our area of village
	15		Q7	Very difficult to answer as they are all equally important.
	16		Q7	Of paramount importance.
	17		Q7	There is no access to the Till for the majority of the population
	18		Q7	Should be paid into the community fund
	19		Q7	All of these contribute to the Charm and value of the village environment. Rivers and wildlife especially
	20		Q7	The environment is why we chose to live here
	21		Q7	Everything listed is important but buildings must change with the times. All of these things are what make the village for me.
	22		Q7	We would be happy to take part in a 'cleanup' day, for example, the banks of the river Till
	23		Q7	A river clean-up?

VILLAGE ENVIRONMENT

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Village Environment</u>	24		Q7	If you have to clean up after dogs why NOT have to clean up after (sorry) a horse has made a mess right outside your front door??
	25		Q7	I can't see farmers doing it, but I would love to see ALL loads of straw with a sheet over it to stop all the mess of straw right through the village... wishfull thinking!!
	26		Additional Comments	Berwick is an exceptionally lovely village. We bought our house here for a number of reasons, one of which is that the great website indicated that the village has a real community spirit, and a good pub. Is the pub used for any community events? Could they have/do they have barbecues in the summer to encourage families to come together? We are very happy to help in the village - work on our house permitting.
	27		Additional Comments	A village Hall that is big enough to do something in would be a big plus for the village. The current Reading Room is very expensive to run and nothing happens in there that could not be done in the church or Guide Centre. The village is going to struggle to support both the Reading Room and the Church for the long term.
	28		Additional Comments	I hope this village will remain a quiet peaceful village in its present state. New community housing would be a disadvantage to our current surroundings. I hope this survey will aid the village in maintaining its tranquility.
	29		Additional Comments	One or two new family houses in the village is one thing but putting forward a whole development of 'affordable/social housing' will not bring in permanent residents to the village and would totally change the equilibrium. Our village is quiet and most people who live here probably have chosen it because it is. However, it does not mean that only retired people are favourable to that quieter way of life. There is no doubt that BSJ attracts those who do want to enjoy living in a village setting within a lovely landscape/farming area with less noise, less people, etc. Young families with kids on the whole still want to be close to important amenities, which are normally found in much larger villages or towns/cities. So on the whole one cannot be surprised to find only a small number of children living in BSJ.
	30		Additional Comments	The 6.5 years that I have lived in Berwick St James it has become more like a dormitory than a village. Loss of custom from the shop and pub is noticeable and adds to the inactivity. I would love to see the fete revitalised and drawing crowds like the Langfords does. the fete need advertising more extensively.
	31		Additional Comments	There has always been a lot of people who NEVER mix in the village and not willing to do so. This will never change. I know of 12 houses that have NEVER been interested in anything in the village, I know this for sure for the last 40 years.
	32		Additional Comments	We are very interested in the built and natural environment. We value the village architecture and appreciate that our home is quite different but is still a valuable fit in our village. The design of the high street is important for the character definition of our village - as is preservation of the environment and historic buildings. We recommend doing a design assessment of the village.
	33		Additional Comments	We are keen to explore ways to enhance sustainability measures in the village and ways to ensure we could collectively reduce our carbon footprint. Michelle would be interested in volunteering to develop a sustainability strategy to target where we could improve reducing our carbon footprint and provide enabling support to see it through.
	34		Additional Comments	For me the most important issue is to preserve the physical environment of the village. Any refurbishment should be to a high standard and in keeping with the village. There is no need for a greater number of dwellings. The same group of people organise most events in the village. Unsurprisingly, they are the retired middle classes to whom we should be immensely grateful. The more of them the better.

VILLAGE ENVIRONMENT

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Village Environment</u>	35		Additional Comments	I ask myself, do we need to open Pandora's Box? Having lived here all my life - yes I've seen enormous change - not necessarily for the better. Having said that, I find the village today very adequately provided for. We are blessed with a farm shop, a pub and above all a fine old church and a reading room. There is a good proportion of owned and rented properties, a wide street uniquely proportioned for the turning of wagons and horses and an ideal population of circa 150 souls. The bus service is good as is the rubbish collection. In my view we are a happy community, and favourable to have one's needs fulfilled. What do we do after dark? My mother taught me about the stars. We are lucky here - some villages aren't - Per Ardua ad Astra -
	36		Additional Comments	We are quite happy with the village as it is
	37		Additional Comments	I should like to see the status quo maintained. I do not wish to see any more houses built. The existing infrastructure may not be able to cope with additional buildings. Action needs to be taken by the police about speeding through the village. If any information is to be sent to the Wiltshire Council should be approved by the village meeting.
	38		Additional Comments	We are so fortunate to have the village was an active church, a shop, a pub and a good bus service and to be on a given route between two highways. The only thing which would be a huge improvement would be some sort of postal service. That of course we shall not get!
	39		Additional Comments	BSJ is a wonderful place to live, full of friendly people who care for each other. We should do all we can to preserve this and more social events would help to keep the community strong. Any development such as new houses should either be in keeping with the rest of the village or be of such architectural merit - we should not have a closed mind to new interesting buildings.
<u>Water / Energy / Pollution Reduction</u>	1		Q8	We are already aware of these matters and try to take action accordingly.
	2		Q8	I feel there might be milage in us buying oil from the same source and getting a village deal.
	3		Q8	Reason is that we are actively doing those already
	4		Q8	Sustainable lifestyles are important
	5		Q8	Would be interested to learn how much water is permitted to be pumped out of the ground at Tilshead / Chitterne, and whether Wessex Water is keeping to the permitted level.
	6		Q8	We cannot afford Solar Heating and don't think it pays off anyway.
	7		Q8	Reduction of water pumping in relation to the river Till
	8		Q8	It is worrying to see the Till so low at times
	9		Q8	Renewable/sustainable energy projects
	10		Q8	Interested in how the village could produce energy
	11		Q8	Use of garden waste - Perhaps a communal compost heap

AREAS OF EXPERTISE

Areas of Expertise

<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
1		Q9	Basic to mid-level computing (PC & Mac), photography & General DIY
2		Q9	Marketing and Event Management
3		Q9	Professional fly-fishing instructor
4		Q9	Play-worker, T.A, Workshop leader, children's craft.
5		Q9	I am happy to become involved in helping out with events, and I have the relevant experience, qualifications and skills to do
6		Q9	Publicity of village activities through updated notices
7		Q9	Sailing Instruction
8		Q9	Fine Art graduate (Further & Secondary Education)
9		Q9	Catering & General dogsbody
10		Q9	Rat Killing, Talks on phoyos of the world and the security/poitical situation in them
11		Q9	Secretarial Services eg Work processing and admin
12		Q9	Film nights and classes
13		Q9	I am an experienced detective officer (31Years) and an accredited financial investigator. Though it is difficult to see how these skills could be utilised unless anyone is need of money laundering advice!
14		Q9	Traditional needlecrafts - would not be opposed to being supplementary volunteer but would not be sole contact or organiser
15		Q9	Sorry I'm too old to start again. Will and I helped with fetes etc for over 45 years - also with the reading room.
16		Q9	David is a design executive for Ford with a passion for vintage racing and 60s culture. He could offer his time to share his passions and organise activities around it. Michelle is happy to help with village activities as previously described. If there is an interest, she could teach belly dance glasses (Fun!) and support other with learning how to capitalise on digital technology (Eg social media, skype etc)
17		Q9	Sound and lighting equipment - set up and I might even be able to provide equipment for village events.
18		Q9	Lacemaking, beading, other crafts, bellringing, local and family history
19		Q9	IT. Basic mechanics. Agriculture.
20		Q9	Woodworking, carpentry (when own house is finished! And workshop built.
21		Q9	I don't consider I have any area of expertise (except first aid)
22		Q9	Writing, campaigning.
23		Q9	not at this time
24		Q9	Retired R E N
25		Q9	My relevant area of expertise if finance. As I work away from home, I do not usually have the time.
26		Q9	However due to work and study it would be a few years until I have the time to volunteer.
27		Q9	Teaching, lecturing.
28		Q9	Education

AREAS OF EXPERTISE / ORGANISED ACTIVITIES

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>		
<u>Areas of Expertise</u>	29		Q9	Wife used to		
	30		Q9	Health		
	31		Q9	Retired from		
	32		Q9	IT. I wouldn't mind helping someone who was new to computers if very basic help needed.		
	33		Q9	If anyone offers to teach swimming as an area of expertise, we'd be happy for them to use our pool.		
	34		Q9	First Aid (qualified doctor) IT		
	<u>Comment No</u>		<u>Reference</u>	<u>Suggestions</u>	<u>Willing To Organise</u>	<u>Projects</u>
<u>Organised activities</u>	1		Q10	Films in Reading Room	Yes	Collecting Films
	2		Q10	Film nights. Exercise classes	Maybe	
	3		Q10	Fitness Classes (dance Pilates, yoga) in Reading Room	No	
	4		Q10	Film Nights, wine tasting, basic computing	Yes	Wine tasting, & computers
	5		Q10	Film Nights, lectures, village social events	Maybe	
	6		Q10	Fine Art classes	Maybe	
	7		Q10	Film Nights, Computing	Maybe	Don't mind being part of a team
	8		Q10	Keep Fit Class or Pilates for Ladies	No	
	9		Q10	Childres's acivities	Yes	
	10		Q10	Film nights, fitness & art classes, wine tasting	Yes	But not alone, prefer to work with others
	11		Q10	Youth club, film nights, woodcraft, wildlife watch goups, gardening, community allotments	Yes	All my suggestions (see Amenities & Services section)
	12		Q10	Film nights/ talks/lectures	Maybe	Willing to help
	13		Q10	Film nights and Computing		
	14		Q10	Whenever the church or reading room needs money for a specific reason, with the consent of the committes.. Also if any specific project for the village		
	15		Q10	Film Nights, Word Processing / Admin classes	Yes	
	16		Q10	Film Nights		
	17		Q10	Wine/food tasting, Live music, more dinner evenings/ BBQ etc		
	18		Q10	Film nights, classes, walking group, social dining group	Yes	Would consider supporting role but not main organiser - full time employment
	19		Q10	Films, wine	Maybe	
	20		Q10	Film nights and anything that might be interesting	Yes	

ORGANISED ACTIVITIES

	<u>Comment No</u>		<u>Reference</u>	<u>Suggestions</u>	<u>Willing To Organise</u>	<u>Projects</u>
<u>Organised activities</u>	21		Q10	Film nights. Wine tasting	Maybe	
	22		Q10	Social get togethers, film nights, classes, step or other exercise	Yes	I'll help where needed
	23		Q11		Yes	
	24		Q10	Film nights. Lectures. Computing.		
	25		Q10	Film nights. Wine tasting, cheese tasting, cookery classes	Yes	as above (10)
	26		Q10	Film nights, lectures, wine tasting	Maybe	
	27		Q10	Keep fit classes. Quiz/supper nights. Walking group. Exercise class for older people.	Yes	Fund raising events ie village fete willing to help at events
	28		Q10	Film nights, classes. But we need a decent venue to hold them in - I would not consider attending in the Reading Room.		
	29		Q10	Local history lectures. Wine tasting		
	30		Q11		Yes	A special fund raising event if the right time and cause and opportunity were to arise.
	31		Q10	Yes to all above	Maybe	
	32		Q10	Film night	No	
	33		Q10	Wine tasting	Yes	Already involved with village fete/dog show
	34		Q10	Film nights, wine tasting, nature and local history lectures. Also lectures on wildlife local to the area. Also scenery tours, fishing trips, and general away days.	Yes	We would both be available to help, time permitting with physically moving items around in preparation for events and afterwards etc. whenever required.
	35		Q10	Film nights, classes in art lectures	Yes	Deliver leaflets
	36		Q10	The Guide Centre is a fantastic resource which is endorsed by the village. I would like to see fitness classes - zumba/pilates there. I have enjoyed film nights in Shrewton and Codford - but I think the village is too small to make these a success.	Yes	Setting up exercise activities
	37		Q10	Film night would be of interest but preferably not in the Reading Room.		
	38		Q10	Film nights		
	39		Q10	Interested in film nights, wine tasting and computing		
	40		Q10	Activities could include: film nights, lectures, wine tasting, computing.		
	41		Q10	Activities: wine-tasting, Pilates and debating society (and lectures if I thought topic interesting).	Maybe	IT: I wouldn't mind helping someone who was new to computers and needed very basic help.
	42		Q10	Film night, exercise classes (e.g. Pilates), playgroup	Yes	
	43		Q10	Film shows, lectures, wine tasting. I would use the Reading Room if there were any activities in it.	Yes	Willing but limited by infirmity
	44		Q10	Film nights, concerts, First Aid training	Yes	Film nights
	45		Q10	Children's activities 1 -5	Yes	

COMMUNITY FUND

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Communnity Fund</u>	1		Q12	Improvement of Play-Park, 'Till Valley' skate park / BMX tracks, 'Till Valley' Youth Club / Woodcraft folk / film club
	2		Q12	Table Tennis for Reading Room, Cider Press to make Berwick Scrumpy
	3		Q12	The Community Fund should be used priarily for areas that benefit the whole village, but there is no one thing that benefits everyone's requirements. Not everybody goes to church, to a village event, or enjoys a Fun Run. So in my view there are 5 main areas. 1. Special Events 2. Village up-keep (gates, bus stop, etc) 3. The Church. 4. The Reading Room. 5. Unplanned. Perhaps at the beginning of each year the monies raised during the previous year should get devided up equally unless there is an unprecedented cause that needs more.
	4		Q12	No suggestions, but I would be interested in the possible hire of the village marquee / hall, but don't know how to find this information. Maybe these could be better advertised and generate more income for the fund.
	5		Q12	I believe this should be run by a committee which covers all aspects of village life.
	6		Q12	If the village does not wish to put on a fund raising fete this year, the usual contribution to the church and Reading Room of £1,000 each should be drawn from this fund. I would like to see a sum of £50 granted from the fund for each Village Meeting to provide wine to be consumed at the end of each meeting.
	7		Q12	This should be run by a syndicate - and funds used for the main assets of the village
	8		Q12	Improved cricket pavillion. Some planting
	9		Q12	A summer party, and a winter barn dance.
	10		Q12	A river clean-up?
	11		Q12	The church is certainly the oldest village asset and to us the most valued, so we would prefer to see most money go towards its upkeep.
	12		Q12	Whenever the Church or Reading Room needs money for a specific reason, with the consent of the Committees, and also if anby specific project arises for the village.
	13		Q12	Some planting of spring bulbs and tubs etc in the public areas along the high street - around the phone box and the bus stop and the entrance/egress to the village would be an attractive addition.
	14		Q12	Yes.. Another Christmas party - Great! Take bank out by Rushton Cottage and put in a small bus shelter (Could be used for both ways buses. A lot of people get bus from the Boot and school children in all weathers.
	15		Q12	Give all children 16 and under a mug for the Queens Diamond Jubilee.
	16		Q12	I feel that it would be a good idea to have some security cameras in some parts of the village that could indentity vehicles should a thft occur.. See page 5 (now listed under security)

COMMUNITY FUND

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Community Fund</u>	17		Q12	David recommends using the funds to create some signs in the community to designate key features and amenities. In particular we could a sign at the entrance of the off-road with a box to request donations if people use the road for recreational off roading. These donations could generate income for the community funds and could help maintain the off-road/greenlane. This sign could be part of a sin programme that effectively currates the villageso you can tell the story of BSJ and improve way of finding. It could boost foot traffic for the Boot and farm shop from people staying in the B&B and the stonehenge campsite.
	18		Q12	Village Tennis Court
	19		Q12	A better children's play area woul;d be fantastic, particularly as the one in Stapleford is now closed (and you have to drive to it anyway, as the road is too dangerous to walk with a buggy / children. The community fund could be used to help set up things like film nights / exercise classes if they need subsidising. It could also be used to subsidise special events, eg Jubilee party.
	20		Q12	Anything the whole village requires. It should not be capped.
	21		Q12	Help at the cricket pavilion. Daffodil bulbs around village. Assist with ideas from Q10 and other village events. Extending the Reading Room
	22		Q12	see back page comments
	23		Q12	on improvement and upkeep of existing amenities
	24		Q12	Don't feel able to comment as not yet very familiar with things that happen/could happen in the village
	25		Q12	Things other than just church and Reading Room
	26		Q12	Fund ideally should be used to pay precept for next three years. It should be spent rather than kept in a non regulated and audited account. Otherwise fund should be disbursed immediately to church and Reading Room accounts where they are needed.
	27		Q12	Church and Reading Room
	28		Q12	Carry on as before
	29		Q12	Put towards activities in question 10
	30		Q12	As this money was raised for the village, by the village its spending should be decided by vote in the village meeting,
	31		Q12	Part of the problem is understanding what we need money for. We can do much on a self-help basis, eg food for events, labour for repairs, redecoration, etc. Maybe it would be useful to lay out what we need to spend each year, then see what's left. Transport hire for trips away might be an option.
	32		Q12	Church / Reading Room / Emergencies
	33		Q12	To improve activities for our children. There are no buses on a Sunday or after 6.0 in the evenings and nothing much for them to do in the village.
	34		Q12	The money has been raised due to the hard work of the community spirited residents ie those who organise village events - Fete/Duck Race using the money to support other community events ie Royal Wedding/Jubilee Party would mean those who put in the hard work would get some reward. Also funding transport for the elderly as mentioned above is excellent use of funds.

COMMUNITY FUND

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Communnity Fund</u>	35		Q12	Church roof, Reading Room
	36		Q12	Am not aware of any potential project that requires village funds. The great danger is that money is squandered on unnecessary fripperies. Much better if bolster the existing facilities - church, reading room, farm shop, pub.
	37		Q12	Helping fund community parties and social Berwick events.
	38		Q12	I can see no requirement for a community fund in the village. It will be the source of discontent as to how the money is spent. The fund should be closed and the money divided equally between the church and the reading room.
	39		Q12	Use for reoccurring repairs for village properties and top up with similar events annually - plus the odd begging-bowl in a real crisis
	40		Q12	Can we spare money to make the village look more attractive! In particular Langford way
	41		Q12	The existing fund should donate £1000 each to the church and the reading room. Thereafter 50% to the church and 25% to the reading room and 25% to the fund.
	42		Q12	This seems to be a source of friction in the village. I suggest that the present community fund be split between the reading room and the church who are both in great need. Perhaps any rentals from the village marquee
	43		Q12	If money and / or given is in surplus, that money should be spent (e.g. divided between needs) except for a small float
	44		Q12	Should not be spent on the fabric of existing buildings. Anything that benefits the community and makes / encourages people to feel part of it.
	45		Additional Comments	I feel the community fund is deeply flawed in holding such a large sum of money, which includes proceeds from the fete, depriving the church and reading room from funds normally received and which are so desperately needed for both at this time and in the future. In my opinion, if we must have a community fund, it should not be funded from the fete (which is traditionally a fund raising event for the church). If there is not enough money raised from hiring of marquee, website etc then additional money could be raised for specific projects, by fund raising events similar to the pumpkin pub and church roof initiatives. The Community fund has caused nothing but argument, upset and even hostility and there will never be a unanimous decision on how to spend it, and opinions will always be divided.
	46		Additional Comments	The Church fund was set up as people who were involved in fund raising (Fete committee) were getting rather tired of raising funds for what can sometimes feel like a 'money pits' namely the reading room and the Church. It was thought that more enthusiasm could be generated by setting up a village fund which could be used for things not connected with the 'money pits'. Since the fund has been set up we have seen a significant rise in money being raised which has actually meant that the reading room and church have received more funds. I feel very strongly that the fund should continue and be allowed to build up if necessary so that interesting community initiatives or activities can be started. It can also be used for match funding purposes. The fund could be used for all sort of initiatives which will be proposed in this survey... For example CCTV may help to address security concerns. If the fund were to stop, I suspect that fund raising would also drop which would in the long term be detrimental to the church and reading room.

COMMUNITY FUND

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Community Fund</u>	47		Additional Comments	<p>I find the existence of various factions to be childish and absurd. They waste effort and prevent the bringing together of a single village. Also they incur unnecessary cost. My suggestion -</p> <p>1) Join PCC with Reading Room both in terms of funds and members.</p> <p>2) Adopt a "holistic" approach towards village expenditure encompassing review and management of needs/resources of precept, Reading Room and Church.</p> <p>3) Form single committee to cover all aspects including event management, fund raising and assessment of needs. The result would provide a single unified body which as a by product would benefit from a 22% increase from all giving by application of gift aid.</p> <p>The idea of a community plan for a village the size of B St J is in my view one of pointless grandiosity. The moment a government or company starts getting wrapped up with "community plans" and "values" and "targets" the result is common sense falls to the ground as bureaucratic tendencies to "to follow the plan" obfuscate what really needs to happen.</p> <p>The Village meeting is the perfect forum for debate and for villagers to say what they feel important as situations and time evolves. The result of this survey may or may not be interesting - my instinct is to note them with some interest but not to allow them to prevent open, democratic and current opinions to be expressed at village meetings - ideally incorporating ideas of those who want to support Reading Room, Church and one off events etc all at the same time.</p>
	48		Additional Comments	<p>This fund is in grave danger of causing huge rifts/debates and controversy in the village because many people will have contributed to this fund in one way or another but will not necessarily agree with how the money is spent in the future. Indeed they may not still live in the village when the money is spent. We see no point in accumulating a pot of money for no particular reason or purpose just to be able to get 'match funding'. Match funding for what? Is there a project requiring funds in the future that would benefit the village, the fund raising should be set-up for that purpose: ie those that agree with the project/ whether or not it benefits them/ will go 'flat out' to achieve the target. This would also give a focus and added community spirit in the process of achieving the target. (ie the church roof appeal). Funding of village activities/parties, should, we believe, all be based on a 'self funding' basis (or with the help of a grant if one is available). We, all 4 of us, strongly feel that the fund should be closed and the proceeds split equally between the only 2 buildings for which the village has a responsibility - the church and the Reading Room - (The RR has had £500 from such a split).</p>

PUBLIC SERVICES & AMENITIES

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Public Services & Amenities</u>	1		Q13	Frequency of the bus service - stops too early in the evening
	2		Q13	I would rather the refuse was collected every week, especially as we pay a land community charge, with very few amenities in return. Nobody sweeps the roads, and the pavements are uncared for.
	3		Q13	Pavement maintenance. I have never managed to get the council to kill the pavement weeds, and when I tackled the job myself, a passing motorist stopped and accused me of poisoning cats and dogs. I am also about to be very dissatisfied with refuse collection if this becomes less frequent.
	4		Q13	There is a need for improvement to roads, including kerbing throughout the village, and drainage to extend to village limit.
	5		Q13	Need faster internet speed and better digital signal. Also later buses.
	6		Q13	Continues maintenance of ducks....
	7		Q13	Inadequate road draainage in certain parts of the village. Some houses are prone to flooding as a result.
	8		Q13	Internet speed available is not acceptable. Berwick St J has been left behind.
	9		Q13	The stiles on some of the footpaths/rights of way are in a very poor (if not dangerous) state. Internet lousy.
	10		Q13	I feel the local bus service to salisbury could be run later in the evening
	11		Q13	The bus service is restrictive in that it does not run late enough
	12		Q13	Broadband is very slow
	13		Q13	Should keep weekly rubbish collection. Could we have textile recycling bin in village?
	14		Q13	Internet too slow
	15		Q13	Am dismayed that rubbish collection is being reduced to once a fortnight
	16		Q13	We cannot keep expecting to spend more on public services. The country is bankrupt, we must cut back.
	17		Q13	The black bin should be collected weekly, especially in the summer
	18		Q13	Internet speed too slow
	19		Q13	Internet to be improved

FUTURE OUTLOOK FOR BERWICK

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
<u>Development of Any Sort</u>	1		Q14	Children's activities and amenities. The creation of a 'Till Valley' group involving surrounding villages - Stapleford,
	2		Q14	We came here because we liked the village just as it is. We would be strongly against any sort of expansion.
	3		Q14	Mobile banking, better signage re: speed limit
	4		Q14	Any housing development would significantly impact on the village's attractiveness. The village already has a mix of freehold (owner occupied) and rented properties, and a spread in size from a two bedroom terraced to country house. There is also a mix in ages (two middle aged and two teenagers here!)
	5		Q14	What we want is more community activity across the ages range. This means more people and probably more houses - but without spoiling the beauty and tranquility of the place, which is why most people live here.
	6		Q14	I would like perhaps two new houses opposite my house, instead of a run-down rusty old hulk of a barn. Berwick is a dormitory village, so job opportunities will not be relevant. Keep it that way. Village shop to sell ordinary things like toilet paper and washing up liquid, etc.
	7		Q14	Totally depends upon what it is.
	8		Q14	If development is to be allowed consideration should be given to providing affordable housing to rent/buy for local people.
	9		Q14	Nothing special but feel individual interesting projects should be given an opportunity
	10		Q14	Yes a small bus shelter bu Rushton Cottage
	11		Q14	Would not object as long as any building is in keeping with the rest of the village and not in any green field site.
	12		Q14	Recreational job,s ie tennis
	13		Q14	More family sized housing would vary the demography of the village and encourage more families with children. Lots of small cottages and some big houses, but little in the middle. Would prefer expansion of existing houses rather than new building.
	14		Q14	There should be small one bed housing for those who have been brought up in the village to get on the housing ladder without having to move to a town where housing is cheaper. The housing should have restrictions ie no extending etc but should be priced at market value.
	15		Q14	Limited housing for locals - housing association? Business opportunities - quiet ones! Eg office, IT etc
	16		Q14	Small starter homes for young families.
	17		Q14	Any vacant farm buildings to be used for job opportunities
	18		Q14	Would depend on type/extent of development
	19		Q14	Perhaps a few (4-5) homes as social housing provided 1) they are kept for people with real local connections 2) the houses are sited unobtrusively 3)the style of the houses matches the village's overall character.
	20		Q14	More family housing. Anything that makes it easier to work from home - internet speed etc
	21		Q14	Village is what it is. I would oppose any major development but would support idea of a temporary post office perhaps using the church

FUTURE OUTLOOK FOR BERWICK

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
Development of Any Sort	22		Q14	NO
	23		Q14	NO
	24		Q14	I feel the younger, more active members of the village feel that the money they help raise is all taken up by the Reading Room and the Church, and although they are quite willing to help keep these buildings going, there is nothing for them that they would benefit from and be more willing to raise money for. I am thinking of swimming, tennis, cricket or even ping pong in the Reading Room. The village has 3 swimming pools and 2 tennis courts. We should be able to manage some method by which these could be available at certain times
	25		Q14	A village tennis court - there used to be one behind Magna House. Moving the play park to either the Bucknalls land behind Magna House or the Girl Guide facility. The field behind Magna House could be a fantastic village facility - to hold the fete and other events - or just for sitting by the river.
	26		Q14	I believe BSJ is a lovely village. I do not see any need for development. The green spaces should be preserved. I would also not wish to see infill development.
	27		Q14	cottage' industries, agri- and/or horticultural enterprises, small-scale
	28		Q14	More housing would be to the detriment of the village
	29		Q14	Greater use and support of pub and shop. Postal deposit service with either would save countless trips to Salisbury sorting office
	30		Q14	Berwick St James is an almost perfect village to living – let's keep it that way.. Perhaps a list of tried and tested tradesmen i.e. plumbers and electricians etc maybe they would pay a small fee to be on our list
	31		Q14	Berwick needs housing for the younger generation
	32		Q14	I think it is just fine as it is
	33		Q14	I think we need to keep to a village
	34		Q14	Redundant farm buildings to become workshops. A few more houses (not all big). Pity that there are not a few starter homes with stipulation that those moving in shd be working within a few miles of Berwick.
	35		Q14	The village benefits from having young families as residents, and we would welcome more support for sympathetic extensions to smaller cottages, so there would be more housing for young couples with children. Reserving the status quo doesn't mean not moving with the times.
	36		Additional Comments	Berwick St James is an almost perfect village to living – let's keep it that way.. Perhaps a list of tried and tested tradesmen i.e. plumbers and electricians etc maybe they would pay a small fee to be on our list
	37		Additional Comments	I should like to see the status quo maintained. I do not wish to see any more houses built. The existing infrastructure may not be able to cope with additional buildings. Also action needs to be taken - by the police - about speeding through the village. Finally, if any information is to be sent to the Wiltshire Council, it should be approved by the Village Meeting.
	38		Additional Comments	Below are some ideas that we would be happy to expand in future: Update and resume of amenities with opening times/quick reference; Village calendar on the website and facebook page ; architectural design assessment - what do we have now and want in the future ; Broader advertisement of the village fete (if we have additional funds) ; Digital communications at village meeting (via Skype) ; Accessible public amenities - where do we want to be in 20 years? Lets create a vision.

FUTURE OUTLOOK FOR BERWICK

	<u>Comment No</u>		<u>Reference</u>	<u>Ideas & Comments</u>
Development of Any Sort	39		Additional Comments	As mentioned previously, we would love to see a nice sign programme to currate the village and we would love to have business opportunities nearby to enable remote working. We are not averse to new development although we feel that any new buildings should be either consistent with the character of the village or appropriate for the varied architecture that exists. We enjoy creative approaches to the architectural character of the village and feel that it would help to develop a design vision to preserve the BSJ character being flexible towards creative designs.
	40		Additional Comments	Keep the village an active farming village. Don't turn it into an old peoples' home!

IMPROVEMENTS, CHANGES OR ADDITIONS

	<u>Comment No</u>		<u>Reference</u>	<u>None</u>	<u>Wanted</u>	<u>Not Wanted</u>
Improvements, Changes or Additions	1		Q15		Childrens Activities, Children's facilities, Wildlife group	
	2		Q15		Sunday Bus service	
	3		Q15		A Village Green, some facilities for youngsters, a newsagent, gift shop/post office	A number of new houses, setting up of a business development, more through traffic
	4		Q15		Street Lights, Youth activities / events, a youth club	Social housing development, large housing
	5		Q15	None		
	6		Q15	None		Extra housing, additional business or industrial sites,
	7		Q15		Faster Internet speed. Better digital signal, more frequent and later bus services	No change to Pub or Farm Shop, no speed bumps or speed calming measures
	8		Q15	None		
	9		Q15		Community activities	Out of character housing
	10		Q15	None		Large housing schemes
	11		Q15		Street Lights	More houses
	12		Q15		Speed restrictions / control. Considerate parking of cars. More frequent bus service	Street lights, more housing
	13		Q15		Bigger speed limits signs and better broadband speeds	More housing (social housing), Street lights and bigger campsite
	14		Q15		Stop speeding in the village	housing development
	15		Q15		Improved Bus timetable	Footpaths and rights of ways
	16		Q15		Later Bus Service, Events ie film nights, Public areas along the high St.	Footpaths and rights of ways.
	17		Q15		Street lights	

IMPROVEMENTS, CHANGES OR ADDITIONS

	<u>Comment</u> <u>No</u>		<u>Reference</u>	<u>None</u>	<u>Wanted</u>	<u>Not Wanted</u>
<u>Improvements, Changes or Additions</u>	18		Q15		Security, Safety of pedestrians	A303 trunk road going near the village
	19		Q15		Have children's playground centrally situated	
	20		Q15		Faster internet service without additional cost.	
	21		Q15		Sign programmes to currate the village, sustainability strategy, design strategy, accessibility assessment of public areas.	Design character of High street, Natural environment, the Boot Inn, the Farm shop/
	22		Q15		Green credentials, Tennis Court, Less water extraction from river	No Housing Estate, More street furniture
	23		Q15		Consideration for small scale (max 5) affordable housing for young people wishing to remain in the area, Job opportunities should be encouraged	Large scale (ie over 5 houses) housing or industrial developments
	24		Q15		Faster Broadband. One bedroom houses (a few)	
	25		Q15		More small houses. More families in village, business opportunities	Street lighting. Don't take businesses away.
	26		Q15	none		Street lighting. Housing developments (new houses)
	27		Q15	none		Street lights
	28		Q15		Reading Room extended	Street lighting
	29		Q15		speed awareness	don't want street lighting. Don't want additional buildings.
	30		Q15		speed enforcement	No additional housing. No additional shops. No additional businesses.
	31		Q15		more (ornamental) trees planted	street lighting
	32		Q15		Broadband speed. Larger hall for events	No more housing
	33		Q15		A decent village hall	street lighting
	34		Q15		Internet speed. More people using shop. Bigger village hall. Electricity at Cricket Club	
	35		Q15		Removal of petty factions. Union of Church and Reading Room. Continual flow of water in Till. All Road Signs to go.	Any material development. Street lights.
	36		Q15		traffic speed through village	
	37		Q15	none		
	38		Q15		The cricket pavilion and pitch seem to be used very little, it would be nice to see the area used for the community.	
	39		Q15	none		
	40		Q15		Plastic recycling container (added) to recycling bring by shop	Any new development added; guide centre changed; no street lights
	41		Q16		Improved internet speed, Pilates classes	Any industrial type business parks, and anything that increases traffic

IMPROVEMENTS, CHANGES OR ADDITIONS

	<u>Comment</u> <u>No</u>		<u>Reference</u>	<u>None</u>	<u>Wanted</u>	<u>Not Wanted</u>
<u>Improvements, Changes or Additions</u>	42		Q16		Stocks	
	43		Q15			So many cars parked on the street
	44		Q16			Street lighting or too much security lighting
	45		Q15		More use of the shop by villagers. More use of the guide centre as a community resource.	
	46		Q16		I would welcome new business to keep the community viable.	I would not like to see the economic viability of the village facilities limited
	47		Q16			No more development
	48		Q16		We should like to see the guide centre stay and thrive for the future enjoyment of the young people who visit	
	49		Q16			No new build houses
	50		Q15			No further development; no street lights
	51		Q15/16		More of the village residents involved in fund raising. Traffic slowed down through village. Bus service.	Do not want street lighting. DO not want more housing. Do not want the village to become a traffic cut through.
	52		Q16			No new development added
	53		Q15/16		Post office? Part time; more water in the river	No large housing development; no wind turbines; no electricity pylons; no caravan park
	54				Affordable carefully planned discreet new housing on a very small scale one or two houses	
	55				Street lighting	
	56				Childrens activities (ages 1-5)	
	57				Roads to be kept clear of mud	
	58				Church to become community centre. Reading Room being phased out and replaced by larger village hall/community centre.	Not too much 'tidying-up' -- suburbanises village. No street lighting. No formal traffic calming measures such as yellow grid on road.
	59				Problems of speeding through the village, motor bikes at weekends, and tractors cutting corners addressed.	No more housing
	60				1 modern village hall 2 picnic area (village green)	Inn 2 Church 3 shop to keep the same
	61		Q15		If there were redundant farm buildings that could be converted and let to crafts people, eg potters & woodworkers, or other skilled people seeking workspace, that would be great.	Keep to NO street lighting
	62				1 Internet speed	Farm shop, 2 boot Inn, weekly refuse collection
	63				More functions in the Reading Room (or Guide Home). Improvement in mobile phone reception - mine doesn't work in my house	No additional housing, no expansion of campsite
	64		Q16		Children's play area / family housing / more use of the Reading Room. Keep the Farm Shop	No major new building developments

IMPROVEMENTS, CHANGES OR ADDITIONS

	<u>Comment No</u>		<u>Reference</u>	<u>None</u>	<u>Wanted</u>	<u>Not Wanted</u>
<u>Improvements, Changes or Additions</u>	66		Comments			I feel the younger more active members of the village feel that the money they help to raise is taken up by the Reading Room and the Church and although they are quite willing to help keep these buildings going there is nothing for them that they would benefit from and be more willing to help raise money for. I am thinking of swimming, tennis, cricket or even ping pong in the Reading Room. The village has 3 swimming pools and 2 tennis courts. We should be able to manage some method by which these could be
<u>General Comments</u>	1		Comments		I find the existence of various factions to be childish and absurd. They waste effort and prevent the bringing together of a single village. Also they incur unnecessary cost. My suggestion - 1) Join PCC with Reading Room both in terms of funds and members. 2) Adopt a "holistic" approach towards village expenditure encompassing review and management of needs/resources of precept, Reading Room and Church. 3) Form single committee to cover all aspects including eent management, fund raising and assessment of needs. The result would provide a single unified body which as a by product would benefit from a 22% increase from all giving by application of gift aid. 2) the idea of a community plan for a village the size of B st J is in my view one of pointless grandiosity. The moment a government or company starts getting wrapped up with "community plans" and "values" and "targets" the result is common sense falls to the ground as bureaucratic tendencies to "to follow the plan" obfuscate what really needs to happen. The Village meeting is the perfect forum for debate and for villagers to say what they feel important as situations and time evolves. The result of this survey may or may not be interesting - my instinct is to note them with some interest but not to allow them to prevent open, democratic and current opinions to be expressed at village meetings - ideally incorporating ideas of those who want to support Reading Room, Church and one off events etc all at the same time.	
	2		Comments		I have written my comments already. To sum up, I think the church and the Reading Room are a bit of an anacronism and need to change with the times. As a non-church goer, I feel that the church should open its doors, modernise its interior, and make itself user-friendly to a wider audience. If the church became a community centre / village activity venue, the Reading Room could be sold off (with strict conditions that the outside appearance of the building remained compatible with the rest of the High Street).	
	3		Comments		The pub and shop are really crucial to village life, and we would support any formal or informal activity that supports these businesses.
